

# Kevin Yunas

Santa Clarita, CA | 661-974-4092 | [kevinyunas@icloud.com](mailto:kevinyunas@icloud.com) | [kevinyunas.com](http://kevinyunas.com) | [LinkedIn](#) | [Github](#)

## SKILLS

JavaScript, TypeScript, React, Redux, HTML, CSS, C, SASS, Ruby, Ruby on Rails, Mongoose, MongoDB, Node.js, Express.js, SQL, SQLite3, PostgreSQL, Webpack, jQuery, Git, AWS, Jasmine, Jest, Object Oriented Programming (OOP)

## PROJECTS

Yetis List | (*React/Redux, Node, Express.js, MongoDB, Mongoose, Validator, Passport, AXIOS*)

[live](#) | [github](#)

- Implemented live search results by making throttled AJAX requests to the backend
- Integrated with Spotify Node API using promises to obtain recommendations
- Leveraged Redux and Redux-Persist to maintain state amidst user interactions and page refreshes to create a consistent user experience (UX)

pxClone | (*React/Redux, React Router, Redux Thunk, Rails 5, AWS, Webpack, SASS*)

[live](#) | [github](#)

- Applied ActiveStorage and AWS S3 to host seeded and user uploaded images
- Created masonry layout using react-masonry-css to fill screen real estate for an appealing UI and feed
- Optimized post retrieval for users' feeds using Active Storage Associations to prevent  $n + 1$  queries
- Utilized react-router Switch and Router components for dynamic rendering of subcomponents based on url path

JS-808 | (*VanillaJS, Node, Express.js, Howler.js, Webpack, CSS*)

[live](#) | [github](#)

- Developed custom setTimeout callback allowing for continuous playback at a set tempo
- Bound keypress events to drum sounds to allow for tactile control of drum sounds
- Organized HTML elements using CSS flex boxes to group drum cell pads and track volume knobs

## EXPERIENCE

Software Engineer Assistant | *App Academy* | San Francisco, CA

Nov 2021 - Present

- Help students debug projects
- Facilitate mock technical interviews for job seekers

Barista | *Starbucks* | Santa Clarita, CA

Dec 2015 - Mar 2021

- Fostered relationships with employee team and customers to fulfill Starbucks mission of "making the moment right" resulting in easier conflict resolution
- Initiated and created operational closing protocol for new store resulting in a 50% decrease in cleaning time
- Organized and managed team assignments on behalf of supervisory staff during peak hours, successfully preventing servicing bottlenecks

## EDUCATION

University of California | *BA Philosophy* | Los Angeles, CA

Graduated June 2019

AppAcademy | Full Stack web development Program | Online

Graduated July 2021

- Curriculum prioritized Ruby / Rails, Javascript, and React / Redux among other web development essentials
- Experience in daily pair-programming, OOP, Test-Driven Development (TDD), and Data Structures and Algorithms
- Participated in Agile workflows for project completion, utilizing git for version control and SCRUM methodologies

College of the Canyons | Valencia, CA

Attended 2020 - 2021

- Relevant Coursework: Intro to Programming, Data Structures and Algorithms, Architecture and Assembly Language
